School bags, backpacks & pencil cases

Kindergarten backpack

The practical kindergarten rucksack weighs just 180 g. It not only transports everything the little ones need in preliminary school but is also the perfect companion for outings. The cheerful owl design makes it a favourite with little girls and little boys alike.

The large main compartment with a volume of 5 litres offers enough space for a lunch box and drinking bottle. The side pockets are also suitable for large drinking bottles. The padded back and ergonomic, height-adjustable straps ensure good wearing comfort.

School bags

EFA^{lino}

The four-piece school bag sets include a matching gym bag and jumbo pencil case as well as a filled student case. All school bags are height adjustable and grow with the children. Due to the height adjustability, the padded back part and the adjustable shoulder and pelvis straps, the school bag meets the highest ergonomic demands and at the same time offers a high wearing comfort.

The chest strap prevents the satchel from slipping off. The school bag offers a lot of storage space (18 liters) and has a low carrying weight of 1,100 g. The stable bottom is indestructible and water-repellent. Reflectors on the front and side pockets provide visibility and safety for the children.

School backpacks

X-STYLE

Attractive, modern designs - paired with high functionality. The school backpack from Eberhard Faber impresses with its decidedly modern design, which is very popular with the target group. The padded straps of the backpack are easy on the back, as

well as a perfect fit is guaranteed. A lot of storage space is created by large main compartments and smaller side compartments. The main compartment has integrated retention technology to keep books and exercise books close to the back.

- Many storage space due to 2 large compartments
- Restraint technology in the main subject
- Waterproof base plate protected from moisture
- Volume 30 liters, weight 1.1 kg

- 1 Padded, ergonomic straps + Padded back area, guaranteed air circulation
- 2 Height adjustable back system
- 3 Reflectors provide visibility at any time of day
- 4 Lap belt
