## Cannon

## CANON'S CALCUALTORS \& RECYCLED MATERIALS

With Canon's corporate philosophy of 'Kyosei' - living and working together for the common good' in mind, we work together to create a circular economy to reduce our impact on the environment postconsumer recycled content (PCR). We also embed traditional Canon calculator craftsmanship with a modern solar powered battery supporting the environment

For further information about sustainability at Canon EMEA, visit www.canon-europe.com/sustainability/

## K series Mini

Embracing colour and lifestyle

## K series Mini

The little things in life that count.

Carrying on $K$ series original concept, Canon has extended the line-up with a smaller but equally desirable LS-100K ( $K$ series Mini)
With metallic finish, the sleek design is complementary to home interior or office décor.

DESKTOP LS-100K
10 Size: $118.5 \times 83 \times 22 \mathrm{~mm} /$ Weight: 90 g

- Large display - Grand total memory
- Tax calculation
Available ini $_{\text {BLUE }}^{\text {Bl }}$ PINK

K series H145 x W104mm

K series Mini H118.5 x W83mm

The TS-1200TSC is at the top end of Canon's Essential Series, offering a range of advanced functions. The stylish design combines clear layout with an excellent range of features ideal for business use.

12
TS-1200TSC
Size: $179 \times 126.5 \times 18 \mathrm{~mm} /$ Weight: 194 g - Texal and busininess c ulation - Currency conversion

## GLOSSARY OF FUNCTIONS

| ALGEBRAIC OPERATING SYSTEM Algebraic expressions can be entered just as they are written high priority then low priority operators e．g．：Multiplication and division completed prior to addition and subtraction i．e． | currency conversion calculation <br>  <br> registered． |  |
| :---: | :---: | :---: |
| ADDING MACHINE OPERATING SYSTEM <br> Also described as Business Machine Logic．Numbers entered <br> need to be denoted whether they are positive（debits）or negative（credits）．In general it is used with the printing <br> calculators． | CHECK \＆CORRECT CALCULATION <br> Replay key allows for reviewing the previous or next calculation step． $\square$ <br> Correct key allows for correcting calculation contents in | Reca |
|  |  | M - ／RM |
|  |  |  |
|  |  | M＊／CM |
|  |  | Clearing the contents of the |
| Decimal Point Selection |  |  |
| Fived <br> Results are calculated to a pre－selected number of decima places e．g．2， 3 or 4 etc in accordance with the rounding switch． |  <br> Automatically scrolls through the calculation step from beginning to end． | ） |
|  |  | Used for calculating the change amount，it performs |
| Floating（F） <br> Results are displayed and printed with no limit on decima <br> Add Mode（＋） <br> Add Mode（＋） and printout．No decimal point entry is needed，therefor suitable for currency cash calculations． | BASIC FUNCTION KEYS <br> $\% \pm$ <br> Performs standard percentages along with add on or discount calculations． <br> MD／MU | \＃ |
|  |  |  |
|  |  | numbers etc．to be prited on left side of the paper |
|  |  | $\Delta$ |
| Rounding Selection $\qquad$ <br> Rounding off（5／4） <br> Result of multiplication and division rounded to a whole e．g． $2.4=2$ and $2.5=3$ | Mark up：selling price calculated based on the cost price and profit margin percentage．Mark down：cost price calculated from the selling price and profit（loss）margin percentage． | Sub total key allows intermediate esesul of a calculation be printed on the eftrs side of paper roll． |
|  |  | DEC／Eeces |
|  |  | This is the key for specifying the number of digits after decimal point of the calculation result |
| Rounding down（ $5 / 4 \boldsymbol{\nabla}$ ） <br> Result reduced to nearest whole number <br> e．g． $2.6=2$ | Reverse key automatically swaps the operator and operand of calculation$\begin{aligned} & \text { of calculation } \\ & \text { e.g. " } 8 \div 4 \text { " change to " } 4 \div 8 \text { ". } \end{aligned}$ |  |
|  |  |  |
| Rounding up（ $\boldsymbol{L}^{( } 5 / 4$ ） <br> Result increased to nearest whole number <br> e．g． $2.2=3$ <br> ITEM | GT | TEEST |
|  | When the calculutions are performed with the GT switch | The print quality can be checked by pressing＂TEST＂ker |
|  | semory． | － |
|  | $\pm$ | Used to switch between calendar or clock $m$ |
| Item（OFF／n＋／n＋／－） <br> ry is counted and printed on the left side of the paper roll． | Used for changing the sign（＋or－）of the displayed numbers． | MODE（START） |
|  |  |  |
| Accumulation <br> AM <br> Entries or results automatically accumulated in the first memory． | cancel keys |  |
|  | ONCA |  |
|  | Clear indication key cancels the displayed numbers and |  |
| Constant | CE |  |
| $\underset{\text { Performs multipication and division calculations by a }}{ }$ manual constant | Clear entry key cancels an incorrect entry． |  |
|  | C／Cl |  |
| business calculation | Clear key cancels an incorrect entry or command |  |
| cosi／selu／meem | $\rightarrow$ |  |
| erforms cost，selling price | Shitit key moves displayed numbers to the right therebydeleting numbers each time the key is pressed． |  |
| calcuation Enter |  |  |
|  |  |  |
| Taxt／Trax | INDEPENDENT MEM |  |
| Adds or subtracts the | $\mathrm{M}+$／ $\mathrm{M} \pm$ |  |
| ［RATE | A．Results of multipinication and division automatically addect to the memor．Also adds a number to the memory． |  |
|  |  |  |
