

**rocada**

# WE ARE SOLUTIONS

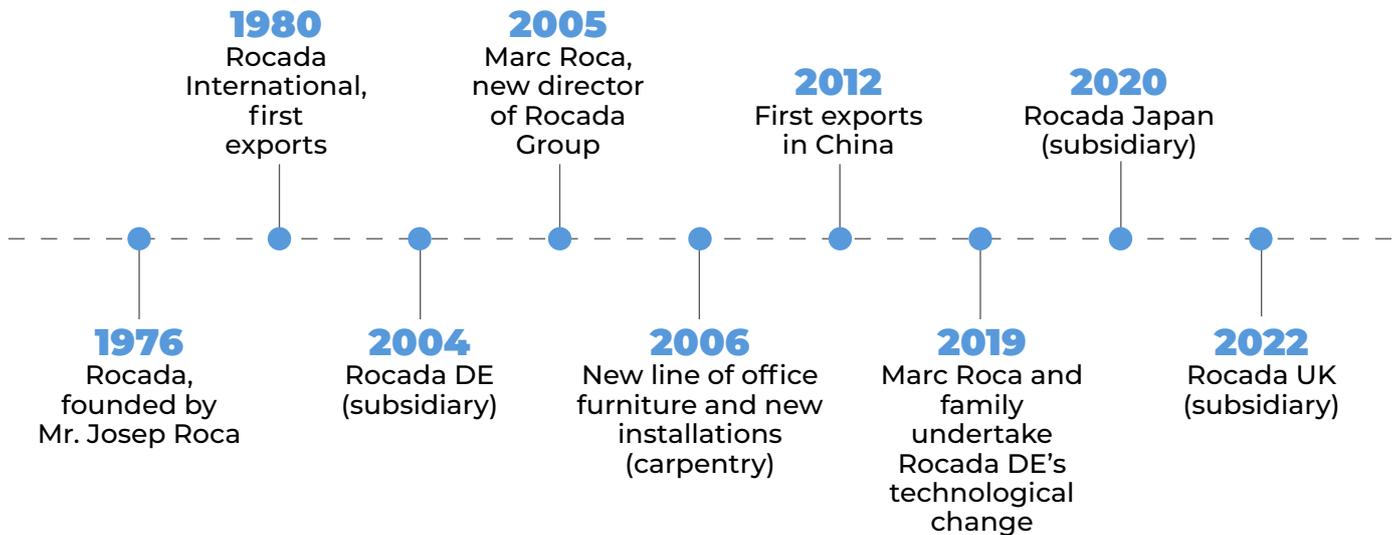

MANUFACTURERS WITH EUROPEAN SUPPLY CHAIN

When Rocada was founded as a company in 1976, its strategic focus was on satisfying the needs of the productive and service structures of the country. At the time, aspects such as production, delivery, billing, and financing were less contentious, and we operated within a framework of less stressful relationships.

However, today, everything has changed. We are living in a moment of deep concern, driven by multiple factors that require us to closely monitor both the internal and external variables of our companies and the fluctuations of the market.

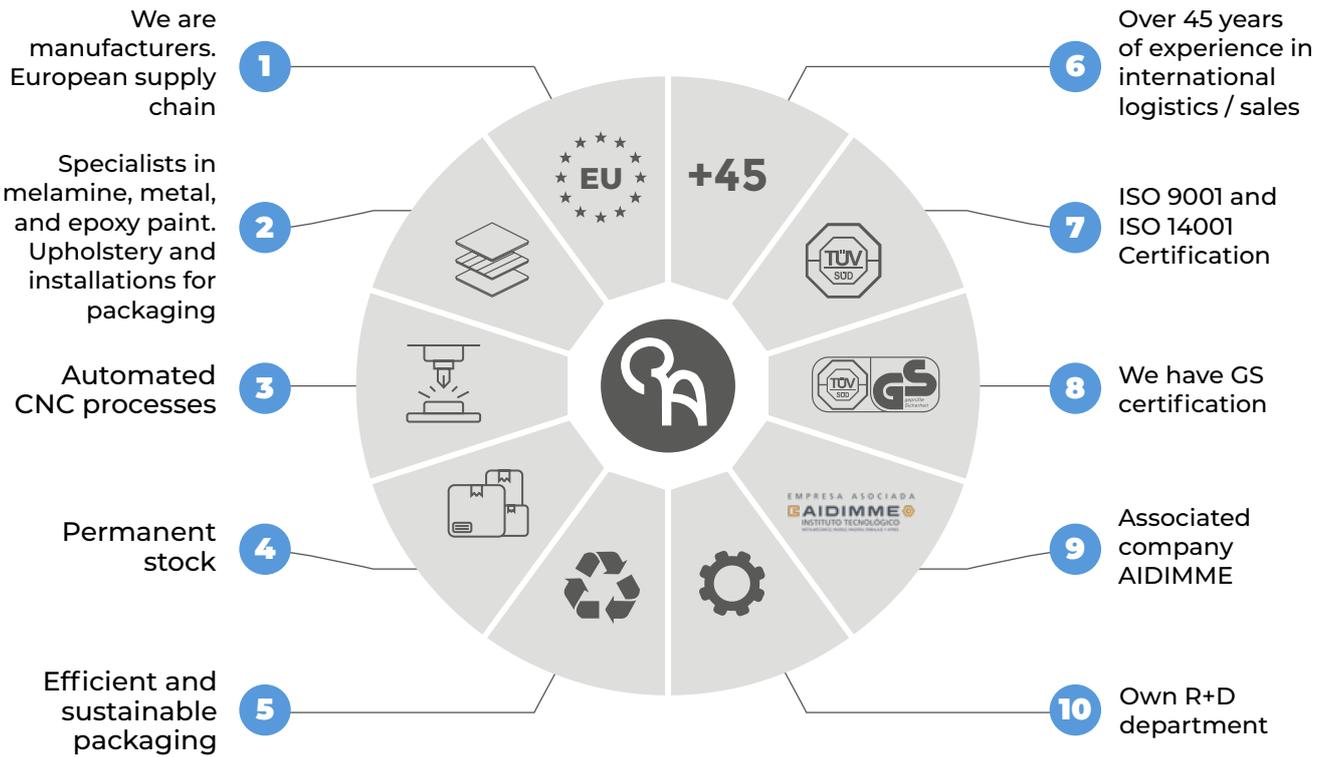

Rocada, with its young and dynamic spirit, is determined to face this situation with courage and enthusiasm. We have an ambitious project and an efficient team to help us navigate these challenges.

## WE ARE MANUFACTURERS

## QUALITY, TRUST, RESPONSIBILITY

## OUR PRESENCE

## ROCADA SERVICE

IMMEDIATE SHIPPING

TOP QUALITY AND DESIGN

SALES EXPERIENCE NATIONAL AND INTERNATIONAL

PERSONAL RELATIONSHIP WITH THE CLIENT

# SKIN

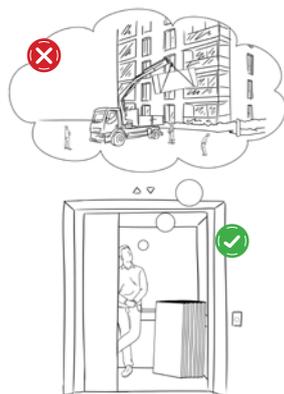

Whiteboards certified  
with the German  
GS certification

# Unlimited boards with life

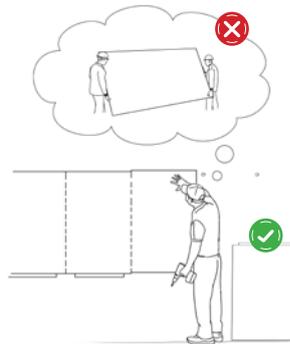

## EASY TRANSPORT

Easy transportation, avoids damages and delays during transit. Easy to fit in europallets. Large sized whiteboards can be transported in many vehicles.

## EASY ACCESS

No special transport is required. They can be freely transported with total comfort by one person.

## EASY INSTALLATION

Only one person is required to transport and install them, and with the Rocada magnet installation system, a panel can be fixed with less than 5 minutes.

## MODULAR WHITEBOARD

Unlimited choices of display combinations and finishes to customise each space with different surfaces and functions.

Thanks to their finishes, functions, and size, **SKINWHITEBOARD** modular whiteboards foster and care for communication at all times. Discover the advantages provided by frameless modular whiteboards with magnetic attachment.

Thanks to its frameless design and different kinds of functions and sizes, SKINWHITEBOARD can adjust different whiteboards in one same space to make a unique whiteboard and personalise it with a wide variety of finishes.

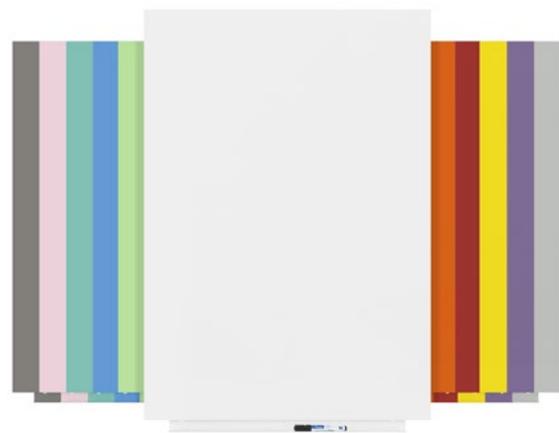

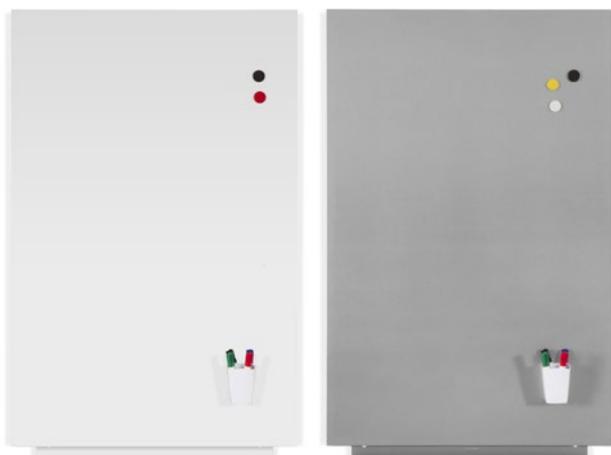

**SKINPRO**  
**SKINPRO-DUO**

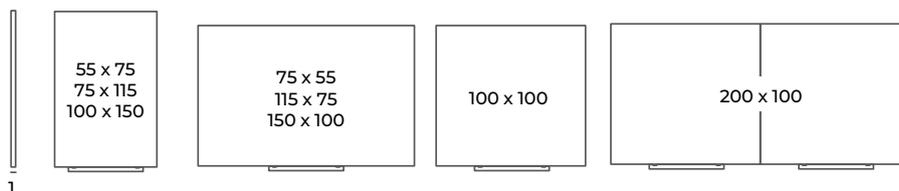

new special finish with additional surface protection on polymer material (PET)

**SKINCOLOUR**  
**SKINCOLOUR-DUO**

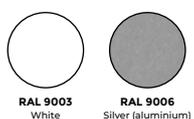

Laquered surface available in multiple finishes.
