Use the chance, design the changes – With small foot!

Dear Customers,

Everyone needs a cool head and a bit of optimism in turbulent times. We're aware of the enormous challenges that you as our partner are confronted with, and we stand at your side with everything we can muster! We can and should look forward to the future positively with some confidence: the toy industry is more capable of withstanding and adjusting to hard times than many other branches, and wooden toys are fitting to the times now more than ever. Supply chains are stabilising, resulting in better availability. In addition, small foot is becoming more and more well-known and popular with parents – and that's a fantastic cooperative achievement!

small foot makes the difference!

Our Category Champions in particular proved themselves to be highly successful sellers in 2021 and 2022, and the new small foot packaging is doing its part to grab attention and good turnover at the point of sale! There will be more of both in the future! The fact that our Emergency Doctor's Backpack won the 2022 ToyAward doesn't just make us here at the Legler family happy – it's also a confirmation that together with you, we're on the right path.

Environmental sustainability – It's what drives us!

Environmental sustainability is one of the most important and urgent topics of our time! Wooden toys play a special role in this: they're sustainable, durable, and biodegradable. But since even that isn't enough for us, we're also making our company more environmentally sustainable: that's always meant using renewable energy sources and CO2-neutral shipping. We're also committed to the use of fast-growing wood types, compensating CO2 emissions, and avoiding use of plastic material wherever possible. Environmental sustainability is not just a trend or marketing scheme for us. It's a guiding principle for our daily business. We're making both big and small steps towards better ecological and social responsibility, and we'd like to bring you along on this path – because I am certain that this sustainability is a central factor to our cooperative success!

With this in mind, my warmest regards,
Pascal Adam

For the gymnastic course at home! The nursery will get sporty with „Adventure“ toys.

And the winner is... the emergency doctor's backpack from small foot!

What great news: The small foot emergency doctor's backpack wins the **ToyAward 2022** in the PreSchool category! After three nominations in a row, we are particularly happy this year that a small foot product has made it to the top of the podium and that we may receive **the highest award for toys worldwide!**

„A great product is great when it sells great!“

The **ToyAward** stands for fun, originality, safety, quality as well as comprehensibility of the product concept. However, the jury attributes an **outstanding importance** to the **potential for success in the trade!**

11917
Emergency Doctor's
Backpack - p. 208

HAPPINESS IS MADE OF WOOD

This is why small foot wooden toys make children so happy.

small foot wooden toys fulfill children's basic need for happy, boundless play. With their modern design and diverse, simple first play experiences, they offer children space for their own world of ideas and help develop imagination and creativity.

With multiple play purposes in one product, they encourage children to dive deep into their play and discover new things - or even just themselves. From playing to wonder, from playing to learning - small foot offers playing and learning experiences that stick with you for life!

Exceptional design, **made in Germany!**

A love for wood - because it's a popular **environmental** winner!

Responsibility for quality and **safety** so children can play carefree!

Playtime fun at a fair price - so that everyone can enjoy small foot!

Baby cloth approx. 29 x 29 x 1 cm; grip toy ø approx. 8 cm
3 parts

#bloggersrecommendation

"I had just unpacked the walker from the box and Lainey was quickly whizzing around with it. The many functions invite you to play and discover. Lainey especially likes the chalkboard. The baby walker, made out of wood, can score with its top quality and, with a lot of love for little explorers. It is an optimal learning aid for walking."

NEW

11910 Activity Cube Underwater World

- Comes with bead maze, shape-fitting game, sliding elements game, and gears game
- Incl. fishing rod with which you can fish out the three magnetic insertable shapes from the interior of the cube
- Acoustic stimulation in the form of a rattle trains auditory perception
- A rotatable porthole and a moving octopus head make this motor activity cube a highlight in the nursery
- The bead maze can be easily stored inside the interior of the cube thanks to the reversible lid

approx. 20 x 20 x 37 cm, play height approx. 25 cm
1 motor activity cube, 1 fishing rod, 3 insertable pieces

NEW

CATEGORY CHAMPION

12312

Big Ocean Motor Activity Cube

- Incl. two bead mazes, a shape-fitting game, a sliding maze, and a tile-turning game
- Very space-saving: the removable lid can be stored inside the cube to save space
- Repeating underwater motifs on all sides of the cube encourage curiosity and storytelling
- Pleasant haptics thanks to the rounded edges
- Ideal accessory product for the Whale Baby Walker (Item 11608), the Big Ocean Music Box (Item 12215), and the Big Ocean Mobile (Item 12290)

approx. 15 x 15 x 23 cm; Play height approx. 14 cm
1 motor cube, 4 plug-in elements

#bloggersrecommendation

"This motor activity cube really exceeded all expectations. There's so much to discover, learn, and be creative with. It's also great that more than one kid can play with it at once - that's great for improving social skills!"

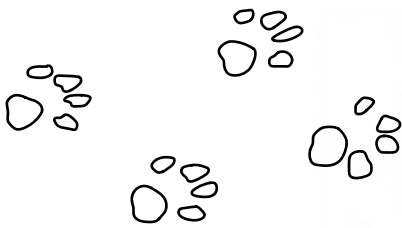

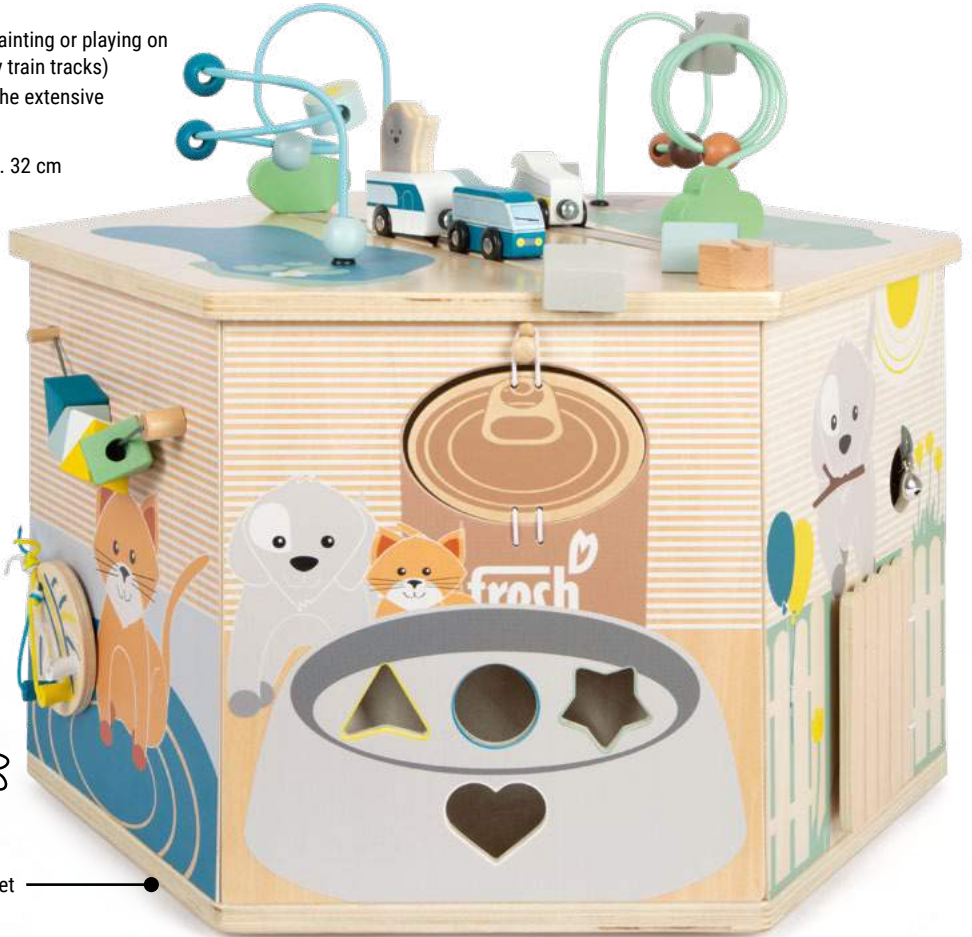

konfetti_wunder

12231

XXL Pets Motor Activity Cube

- XXL motor activity cube made of robust wood 8 playable sides incl. a sliding labyrinth, a shape-fitting game, a spinning tiles game, a threading/colour sorting game, and a construction game
- Acoustic stimulation with the doorbell and gate latch
- Detachable, reversible lid with a chalkboard that can be mounted without tools, bead mazes and toy train tracks
- Lid can also be used as a surface for painting or playing on the floor (combinable with common toy train tracks)
- Cube interior offers storage space for the extensive accessories

approx. 57 x 50 x 43 cm; Play height approx. 32 cm
 1 motor activity cube, 4 toy cars, 8 insertable elements, 2 rails, 2 houses, 2 trees.

Rubber feet

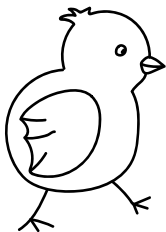

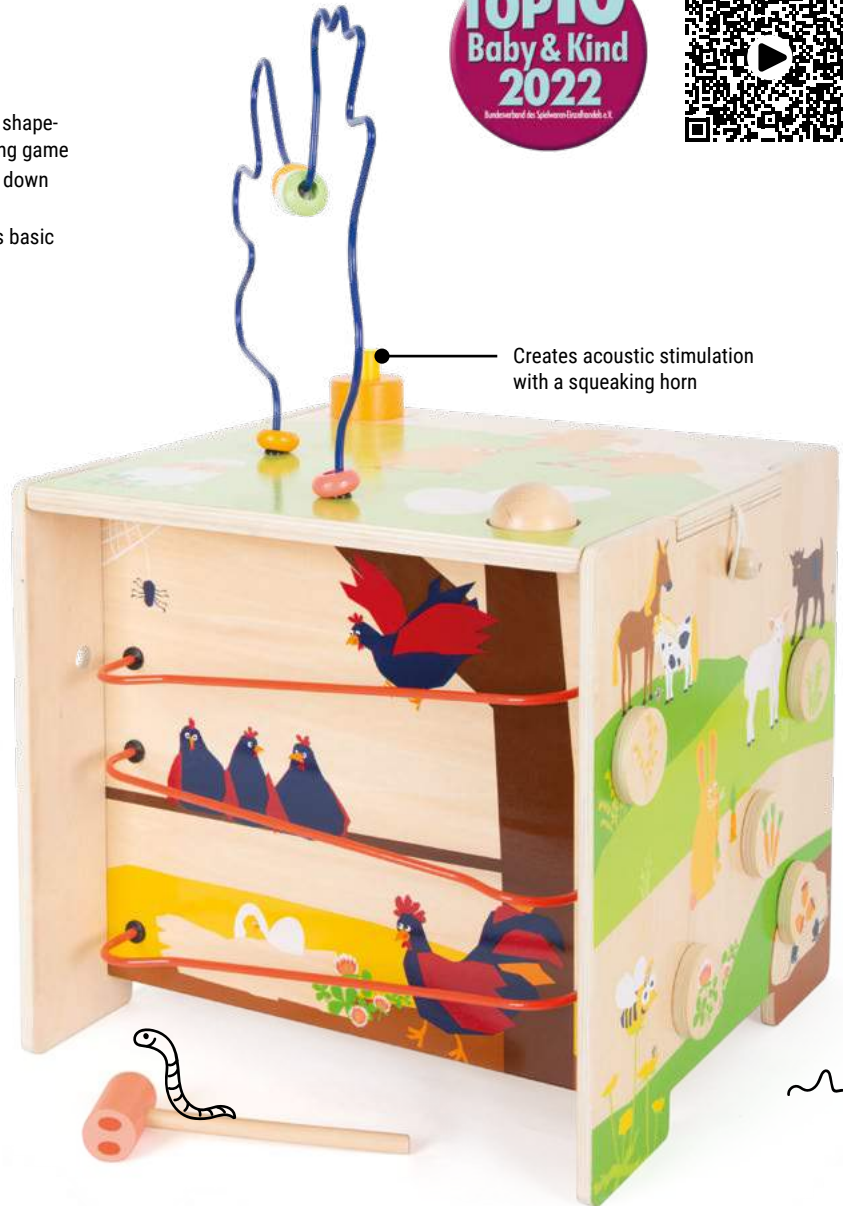

11733
Motor Activity Cube Country Life

- Multifunctional with large, removable bead maze, a shape-fitting game, a sliding labyrinth, and a colours sorting game
- With a knocking marble run which leads the marble down as "eggs in the chicken nest"
- Encourages interaction and storytelling and imparts basic knowledge about animals on the farm
- Can be used as a sturdy, stable children's stool
- With a lid with latch

approx. 42 x 37 x 62 cm, playing height 35 cm
1 motor cube, 5 plug-in elements, 1 ball, 1 hammer

Creates acoustic stimulation with a squeaking horn

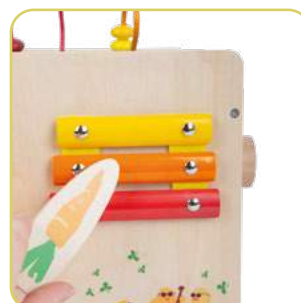

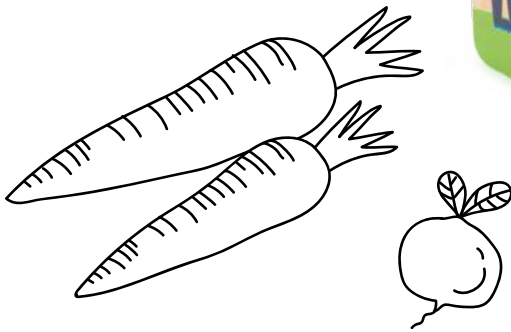

11732
Motor Activity Cube Rabbit

- Motor skills training with the shape-fitting game, sliding labyrinth, and gears game
- The removable rotating carrot also serves as a shape-fitting game and construction game in one
- Creates acoustic stimulation and first experiences with sorting with the xylophone
- With a lid with latch
- space-saving storage possible - simply remove the lid with motor activity loop and put it back on upside down

approx. 23 x 23 x 34 cm, table height 20 cm
1 motor cube, 5 screw elements

Can be used as a sturdy, stable children's stool

"Adventure" – Gymnastics for kids at home!

The exercise toys of the "Adventure" product line are true multi-talents – and set no boundaries for children's desire to move or their creativity! These visually complementary and perfectly combinable exercise toys are the ideal support toys for physical training of balance, coordination, and motor skills for a broad range of age groups. And this is particularly practical: all products can be used either individually or as part of a whole course made of exercise toys – exercise fun and adjustable difficulty level included!

#bloggersrecommendation

"Home gymnastics for the kids - these new adventure toys couldn't be more versatile. They promote the development of motor skills and creativity while of course bringing lots of fun. Whether it's balancing, building obstacle courses, or just wildly zipping around - the children are constantly rediscovering their new activity games every day."

The "Gold Edition" - special eye-catchers on the game shelf!

The extraordinarily beautiful, modern and yet simple design with eye-catching gold accents in combination with lots of visible wood and trendy pastel colors make the most popular game classics the new stars of the game collection! This is how gaming fun goes for the whole family!

#bloggersrecommendation

"I think it's awesome that the Gold Edition games are made of long-lasting, high-quality wood. The size of the individual parts like the game pieces, dice, etc. is also ideal for children's hands. The colour scheme is neutral, which makes it special."

"Groovy Beats" – sound toys with character!

The articles of the product line "Groovy Beats" complement each other perfectly and convince not only with their sound but also visually with recurring design elements in combination with modern contrasting colors and lots of natural wood. Particularly lovingly illustrated Bruno the Bear, Kurt the Hummingbird, Ida the Hedgehog, Gert the Gecko, Ferdinand the Fox, and Heidi the Hare support children during their first experiences in sound and rhythm.

#bloggersrecommendation

"My son just loves the new 'Groovy Beats' line. He plays the notes all over the piano, and he figured out how to hold the guitar in just a short time. The instruments are great as an introduction to early music education and really stand out from other musical instruments for kids with regards to their sound."

"fresh" - Play sets for the store!

The articles of the product line "fresh" convince with their loving design and their high visible natural wood content. All food sets and accessories such as ice cream counter, cash register & more, complement each other in play and create a particularly harmonious overall appearance in the children's kitchen and store. Practical and educational: All "fresh" items communicate via pictures instead of text and are thus easy to understand even for young children.

#bloggersrecommendation

"We are thrilled with the product variety of the 'fresh' articles from small foot! The store brings our kids a lot of fun in many different ways. Whether it's practicing dialogues, counting, cashiering, or playing creatively when it comes to putting away the many different products. We all love the combination of sustainability, design, learning and fun!"

"Miniwob" – here come the Mini Working Buddies!

The realistic workshop toys and playsets made of wood inspire with extensive functionality, classic workshop colors and particularly child-friendly illustrations. When the small, shy "Miniwobs" show themselves, the fun is perfect - because together with children and their imagination, Miniwobs love to tinker and work on new ideas.

#bloggersrecommendation

"I love to watch how my little man happily slips into the world of the grown-ups when playing with these great tools. He says that he's building 'just like Dad'. Building things together is just so much fun for all of us!"

#bloggersrecommendation

"The Fire Brigade Backpack makes the dream of taking on the role of a fireman come true. It comes with a fire hose, toy axe, crowbar, radio, and more accessories that break down all the boundaries for playtime fun. With the play chainsaw, everything is now cut up small in our house when our kids use it to slip into various role-play situations."

#bloggersrecommendation

"My son particularly liked the super-fast ramp on which the toy cars can speed down and the lift which he was able to operate himself after a few tries and some instruction. The petrol station was also often visited because the magnets on the cars are the right size and make it easier for small fingers to use it."

NEW

#bloggersrecommendation

"My children are thrilled with this stylish dollhouse. It fits wonderfully in the children's room, doesn't take up so much space and offers plenty of room to let my children's imagination run wild. It is sturdily crafted and invites play. The bending dolls are a must-have. They go great with the dollhouse and are adaptable to any play situation because of their bendability."

#bloggersrecommendation

"Our children love to explore nature with all their senses. They really have a lot of fun with the articles of the new explorer series. Everything has its place in the backpack, the belt with rope invites them to great adventures, and with the board my daughter went straight on the search for small and large animal tracks."

#bloggersrecommendation

"This mud kitchen is now one of the most important parts of our garden! The mud kitchen can be easily pushed through the garden thanks to the castors so she can play with it where she wants and where it's needed! Whether we use the mud kitchen in the sandbox or as a table for plants on the patio - we love it!"

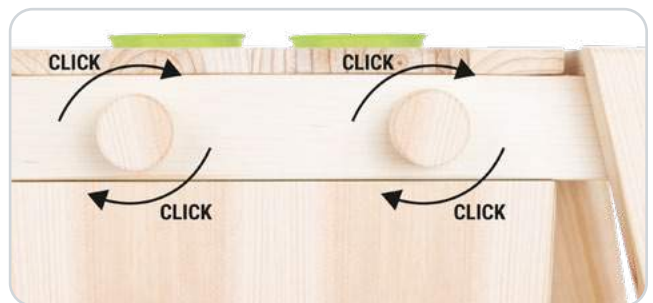

11665 Mud Kitchen

- Playable from all four sides
- Convenient slots for tools, sticks, and hose
- Oven with clicking turning knobs and wooden baking tray; oven door with magnet catchers
- Easy to move with robust wheels
- Extra plant section with two metal flowerpots
- Two metal mud pots for collecting, storing, and scooping water
- With a large mud bowl and worktop
- Weather-resistant, untreated, solid wood, can be designed individually

approx. 104 x 59 x 54 cm; working height: approx. 54 cm

For a long-lasting service life, a wood protection glaze is recommended!

#bloggersrecommendation

"As a Montessori educator, I am thrilled that the workbench and accessories are realistically child-sized and not just 'toys'. This gives my children the opportunity to 'copy' the right technique from their dad, learn how to use tools responsibly, and can experience success in making their own wooden objects."

gin.my.coffee

10839

Workbench for Children, Blue with Accessories

- Particularly robust and has 3 different height settings
- Incl. 10 child-friendly, fully functional tools
- Incl. large vice clamp
- Large workspace

General Terms and Conditions

Our catalogue is intended for resellers using our goods exclusively in the course of their independent professional, marketing, or service activities. This is to be verified to us on demand.

- (1). The following General Terms and Conditions apply exclusively to the sale of goods and other services by
Legler OHG, small foot company,
Achimier Strasse 5, 27755 Delmenhorst, Germany, represented by Mr. Pascal Adam (Managing Director)
(hereafter known also as: **Legler** or the **Supplier** or "we")
and the **Customer**
(hereafter known also as: **Customer** or **Purchaser**).
from the product catalogue (paper version).
- (2). Conflicting conditions or sales conditions from the Customer which differ from our sales conditions will not be recognised by us unless we explicitly acknowledge their validity in writing. Our sales conditions will also be valid when we unconditionally execute the delivery of goods with knowledge of conflicting sales conditions from the customer or with knowledge of sales conditions from the Customer which differ from our own.
- (3). All agreements between us and the Customer affected by the execution of this contract are hereby nullified by these General Terms and Conditions. Our sales conditions are only valid for entrepreneurs as defined in § 310 Para. 1 of the German Civil Code.
- (4). The Customer asserts that they are an entrepreneur as defined by § 14 of the German Civil Code

§ 2. Model Changes / Price Changes

- (1). We expressly reserve the right to alter products insofar as it is required for legal reasons without any explicit announcement thereof. This constitutes the non-binding offers. If an order of affected products has been placed, we will inform the customer of the changes. Prices are subject to change.
- (2). All given dimensions in the catalogue or other publications are approximate.
- (3). All products are delivered without batteries unless stated otherwise.

§ 3. Prices and Conditions of Payment

- (1). All prices are quoted ex works Lager Delmenhorst, Germany, plus applicable lawful VAT, shipping costs and packaging costs inasmuch as there are no other costs stated in the acknowledgement of order. The VAT and the packaging and shipping costs will be noted separately in the invoice.
- (2). Our invoices are payable 30 days after the invoice date strictly net via bank transfer. Payments with cheques will not be accepted.
- (3). The invoice will be sent electronically.
- (4). Inasmuch as a delivery date is arranged at least four months after the conclusion of contract, the applicable prices in the most current catalogue at that time will be valid.
- (5). The Customer can receive discounts under the following conditions: upon payment within 14 days of the invoice date, 2% of the net price will be discounted; upon payment in advance, 3% of the net price will be discounted.
- (6). The Customer's right of offset exists only when the Customer's counterclaim is made legally binding, is uncontested or is acknowledged by us. In addition, the Customer's right of retention is only allowed if the Customer's counterclaim occurs within the same contractual relationship.
- (7). If default of payment by the Customer occurs, this will result in all other open invoices from us becoming immediately due.

§ 4. Conditions of Delivery

- (1). Delivery occurs ex works Lager Delmenhorst, Germany. Transportation of wares occurs at the Customer's cost and risk.
- (2). Legler reserves the right of withdrawal if the Customer makes untrue statements about their creditworthiness, if the Customer halts payments, or if the Customer applies for bankruptcy via their assets. We also reserve the right of withdrawal when we become aware of circumstances which preclude or delay the fulfilment of the contract by the Customer.
- (3). The Customer has the right to sell the wares obtained from us via stationary trade. Inasmuch as the Customer does not sell our wares themselves but instead sells our wares via online sales portals, a special written agreement must be made.

§ 5. Delivery Time / Delayed Delivery

- (1). The beginning of the delivery time given by us presupposes the clarification of all technical questions.
- (2). The adherence to our delivery obligation presupposes the timely and proper fulfilment of the Customer's obligations. The objection to an unfulfilled contract is reserved.
- (3). If default of acceptance occurs with the Customer, or if the Customer culpably violates their obligations to cooperate, we reserve the right to demand compensation for any damages incurred, including additional expenses. Further claims or rights are reserved.
- (4). Inasmuch as the prerequisites from Para. (3) are met, the risk of a coincidental loss or a coincidental deterioration of the purchased goods at the time in which the Customer falls behind on acceptance or on their debts lies with the Customer.
- (5). Inasmuch as the delay in delivery occurs due to a grossly negligent breach of contract by us, our compensation liability is limited to the foreseeable and typically occurring damages.
- (6). We also accept liability in accordance with the applicable legal provisions inasmuch as the delay of delivery for which we are responsible is a culpable breach of an essential contractual obligation; in this case, our compensation liability is limited to the foreseeable and typically occurring damages.
- (7). The Customer reserves all other lawful claims and rights in this regard.

§ 6. Retention of Title

- (1). We reserve the title of the purchased goods until the receipt of all payments from the delivery contract. Upon any conduct by the Customer contrary to the contract, particularly in the case of default on payment, we reserve the right to retrieve the purchased goods. A retrieval of the purchased goods by us constitutes a withdrawal from the contract. We reserve the right of utilisation of the goods retrieved, and the proceeds thereof shall come at the cost of the Customer – less appropriate utilisation costs.
- (2). The Customer is obligated to handle the purchased goods with care; in particular, the Customer is obligated to insure the purchased goods at their values as new against fire damage, water damage and theft. Inasmuch as maintenance and inspection work must be done to accomplish this, the Customer must undertake these at their own cost.

- (3). Upon seizure of the goods or other interventions by third parties, the Customer is obligated to notify us so that we can take legal action in accordance with § 771 of the German Code of Civil Procedure. Inasmuch as the third party is not able to reimburse us for all judicial and extrajudicial expenses of legal action in accordance with § 771 of the German Code of Civil Procedure, the Customer is then liable for the incurred losses.
- (4). The Customer is entitled to sell the purchased goods in the proper course of business; the Customer is obligated to assign all claims of the final invoice amount (including VAT) which arise from the resale of the goods to their customers or third parties regardless if the purchased goods are resold without or after the processing or not. The Customer remains entitled to collect these claims after assignment. Our authorisation to collect the claims ourselves remains unchanged. However, we are obligated to not collect the claims so long as the Customer meets his payment obligations from the received proceeds, does not default on payments and particularly does not apply for bankruptcy or cessation of payment. If any of these occur, we are entitled to request that the Customer inform us of the assigned claims and their debtors, to give us all information required for the collection of payment, to send us the applicable documentation and to inform the debtors (third parties) of the claim assignment.
- (5). We are obligated to release the securities owed to us upon request by the Customer when the feasible value of our securities exceeds 10% of the secured claims; the decision of which of the securities are to be released lies with us.

§ 7. Warranty, Liability

- (1). Claims of defects by the Customer presuppose that the Customer has duly complied with their obligation to inspect and complain according to § 377 HGB (Commercial Code). The Customer is obliged to inspect the goods after delivery and to promptly make a complaint if necessary.
- (2). If there is a defect in the goods, Legler reserves the right to rectification by our choice of either a remedy of the defects or a subsequent delivery of new, defect-free goods. In the case of a remedy of defects or a replacement delivery, we are obligated to carry the costs of all actions required for rectification, particularly transportation costs, road costs, labour costs and material costs to the extent that these costs are not increased due to delivery at location other than the agreed upon place of delivery.
- (3). If the rectification fails to properly take place, the Customer reserves the right to request a cancellation of contract or a reduction of the purchase price.
- (4). Legler holds liability according to the applicable legal guidelines inasmuch as the Customer asserts the claim that the damages occurred due to intent or gross negligence, including that of our representatives or subcontractors. As long as we are not accused of a breach of contract, our liability for damages is limited to the foreseeable, typically occurring damages.
- (5). Legler holds liability according to the legal guidelines to the extent that we are culpable of a significant breach of contract; however, even in this case, our liability for damages is limited to the foreseeable, typically occurring damages.
- (6). Inasmuch as the Customer is entitled to compensation for damages instead of delivery, our liability for damages is limited to the foreseeable, typically occurring damages.
- (7). Liability for culpable injury to life, body or health shall remain unaffected; this also applies to mandatory liability according to the product liability law.
- (8). Inasmuch as nothing else has been separately agreed upon, our liability is excluded.
- (9). Inasmuch as our liability for damages is excluded or limited, this also applies to the personal liability for damages of our employees, staff, personnel, representatives and subcontractors.
- (10). The limitation period for warranty claims is 12 months after the transfer of risk.
- (11). The above provisions also apply to defects of title inasmuch as they are applicable. In the case of a defect of title for which a written warning already exists, it is requested that the affected party promptly contact Legler so that the alleged violation or infringement by Legler can be examined.

§ 8. Data Protection

In the context of the purchase order, the following data are collected, processed and stored:

- First name and surname
- Email address/telephone number/fax number
- Name of company
- Billing and delivery address
- Bank information, if applicable

We require these data in order to create your user account and to fulfil our contractual obligations in the context of the ordering process. Insofar as it is agreed, we will use your email address to send you email newsletters to inform you of new products or general topics related to Legler. If desired, we also send newsletters via fax. You may unsubscribe from the newsletter at any time via the link at the end of the newsletter email. In addition, we use your email address to send you status emails, for example when you log in or when you place an order.

Apart from this, our Data Privacy Statement applies (visible below: <https://www.legler-online.com/en/data-protection-and-security/>).

The storage of personal data only occurs in order to fulfil the purpose for which the data was entrusted to us. Insofar as we must store data for legal purposes, this data will be blocked and will not be used for any further purposes. You may object to the storage of your data at any time.

§ 9. Place of Jurisdiction – Place of Fulfilment

- (1). Insofar as the Customer is a registered trader, a legal entity under public law or a public special asset, our place of jurisdiction is our registered office; we also reserve the right to sue the Customer in their local court of law, if the need arises.
- (2). The laws of the Federal Republic of Germany apply.
- (3). Unless otherwise officially indicated, the place of fulfilment is our registered office.

General Terms and Conditions last updated in July 2022

NOTE: We should point out that the retail trade is obliged to hand over the CE stickers supplied loose with some articles to the ultimate consumer together with the goods!
